WORK EXPERIENCE

Prosper I.T. Consulting, Portland, OR. - Intern Software Developer

March 2019 - June 2019

- Contributed towards developing a C#/.NET Construction Management web application.
 - Back end: Implemented the user creation system, and populated the database with initial seed data for testing.
 - Front end: Created the user creation page, and navigation bar.
 - Project summary: <https://github.com/cburnjohnson/Construction-Management-System>
- Worked with a team developing a Python/Django web application that utilizes data scraping, and REST APIs to produce sub applications that run on the overall project.
 - Back end: Developed the Directions application, Messaging application, and User Creation.
 - Front end: Built the Directions application page.
 - Project summary: https://github.com/cburnjohnson/Data-Scrape_3-25
- Utilized Agile methodology Scrum for workflow and project management to increase team productivity.
 - Attended daily stand-up meetings with the development team to coordinate project priorities.
- Trained under a Senior Developer that mentored me to become proficient working on the front end, and back end.

Candy Tyme, Eugene, OR - Assistant Manager

September 2017 - November 2018

Subway, Bend, OR - Shift Manager

October 2016 - August 2017

EDUCATION

The Tech Academy, Portland, OR. - Software Developer Certificate

November 2018 - May 2019

The Tech Academy is an intensive software developer boot camp that has over 600 hours of hands-on learning. I learned the fundamentals of software development, as well as the most common web development languages, and frameworks. Some of the languages, and frameworks I learned are C#, Python, JavaScript, SQL, HTML, CSS, Django, Bootstrap, and .NET.

Central Oregon Community College, Bend, OR.

September 2014 - June 2016
